New Point Electronic Solutions Fusion HCM Fixed Scope Offering Data Sheet

Fusion HCM Overview

Oracle delivers a complete modern HR solution with the various modules of Fusion HCM Cloud service like Global HR, Global Payroll, Absence Management, Benefits, Goal Management, Performance Management, Talent Reviews, Compensation and Succession Planning. The product suite helps drive better HR programs for staffing, employee alignment with integrated social network tools, embedded business analytics and mobile access.

NPES presents the fixed scope offering for implementing Fusion HCM included in implementation package are Fusion Global HR, Global Payroll and Absence Management

NPES will implement the entire fixed scope offering comprised of Global HR, Global Payroll and absence management (Optional) in just 4 weeks

NPES implementation approach and methodology for the FSO will be based on Oracle's unified method (OUM).
